

How the visitor industry impacts our community:

Creates a critical need for community planning	Increases competition for short-term and long-term accommodations	Divides community about some visitor industry issues	Community character is influenced by outside interests	Causes seasonal change in traffic flow	Local businesses affected by information given or not given to visitors	Demand on and for infrastructure increases	Increases competition for local resources	Seasonal changes to local businesses and economy	Changes our community experience	Changes our wild lands experience

October 9, 2006: A small group wrote a series of statements to answer the question: How does the Visitor Industry impact our community?

The statements were based on the brainstormed list of concerns created early in the process, as well as statements and conclusions made throughout the process.

The stakeholders reviewed the statements and refined them for the final list.
